Re: ICU World Championships Week Update – 15 March 2020

Dear ICU National Federation President:

As you all know, the global sports community is facing an unprecedented test: determining when and how to move forward with competitions and events in light of the COVID-19 (coronavirus) pandemic. The health and safety of our athletes, coaches, employees, families, and friends is paramount.

The ICU Governing Council has met and has unanimously agreed to postpone the 2020 ICU World Championships and AGM, scheduled for 27 April – 1 May. A large number of countries have already informed us that their athletes and delegations will not be attending and there are travel restrictions in place in the US and around the world, making a global competition impractical at this time.

We will continue to actively work with officials in the United States, as well as Walt Disney World management, to monitor and assess the situation so we can determine when we may be able to reschedule. We will communicate updates to you when we have them.

We are grateful for your cooperation as we take steps to confront the spread of this virus. Thank you again for your commitment to our athletes and your support of the International Cheer Union and its mission.

Sincerely,

Jeff Webb
President
International Cheer Union
